Loans over term and in arrears

At 31 May 2024, five loan investments totalling \$212,119 (1.23% of the Fund) were over term and or in arrears. We are actively managing these loans and expect them to be repaid either from the proceeds of sales process or refinancing.

These investments are protected by the Squirrel Construction Loan Reserve Fund and the Fund continues to receive its monthly interest payments.

Outlook and conclusion

While the market is challenging, it is generating opportunities for well-capitalised developers. We are confident that Squirrel will continue to originate attractive lending opportunities that the Fund can take advantage of and sustain its performance. At 31 May 2024, the Fund's **net running yield (after fees, before tax) was 7.81%**. The running net running yield is a useful measure of forward-looking return expectations for investors as it projects the Fund's annual distributable income, based on current interest rates (that are subject to change), after all fees and expenses and before taxes.

Squirrel Specialised Income Fund – May 2024 update

The **Squirrel Specialised Income Fund** generated a **return of 0.93%*** during **May 2024** bringing its **1-Year return to 9.02%***. The Fund's assets were \$1,465m at month end. [The Squirrel Specialised Income (previously the Squirrel Wholesale Personal Loan Fund) was renamed and its investment mandate amended from 16 May 2024]

This was the Fund's first full month operating under its broadened mandate and it continued building on its solid start. During the month, we added a new loan (\$167,000) with a 6-month term to the portfolio secured by a subordinated position in a registered first mortgage and a registered caveat over a second investment property. The loan is protected by the Specialised Reserve Fund and the Fund is earning 16.95%. At month end, the fund was holding \$574,000 in Construction Loans for liquidity purposes. On 4 June 2024, the Fund invested in a new specialist loan of \$332,900, which is generating a 12.00% p.a. return for the Fund.

The Fund will make monthly distributions, which we have set to 9% per annum (that will be approximately 0.75% per month) and any additional income will be retained within the fund and reflected in an increased share price.

We continue to see attractive investment opportunities which will contribute to the Fund's return objectives and its overall diversification.

Risk and disclosure notice

FundRock NZ Limited is the Issuer and Squirrel Money Limited is the Investment Manager of the Scheme.

This fund overview and investment update is provided by Squirrel in good faith and is designed as a summary to accompany the Information Memorandum ('IM') for the Scheme.

The IM gives you important information about the Funds and the Scheme to help you decide whether you want to invest. The Manager has prepared the IM in accordance with the trust deed for the Scheme and the fund establishment deeds for the Funds. The Scheme is not a registered scheme under the FMC Act. The IM is not a product disclosure statement for the purposes of the FMC Act and neither the Scheme nor the offer made by each Fund are registered or regulated under the FMC Act (although Part 2 of the FMC Act still applies).

The law normally requires people who offer financial products to persons who are "retail investors" under the FMC Act to give information prescribed by the FMC Act and its regulations to these investors before they are able to invest. This information is designed to help investors make an informed decision.

If you are a wholesale investor, the usual rules do not apply to offers of financial products made to you. As a result, you may not receive a complete and balanced set of information. You will also have fewer other legal protections for these investments. Ask questions, read all documents carefully, and seek independent financial advice before committing yourself.

The information and any opinions in this publication are based on sources that Squirrel believes are reliable and accurate. Squirrel, its directors, officers and employees make no representations or warranties of any kind as to the accuracy or completeness of the information contained in this publication and disclaim liability for any loss, damage, cost or expense that may arise from any reliance on the information or any opinions, conclusions or recommendations contained in it, whether that loss or damage is caused by any fault or negligence on the part of Squirrel, or otherwise, except for any statutory liability which cannot be excluded.
